Advocacy Update

We Want to Hear from You: MFIPPA Survey

We have heard from our members about challenges working with the *Municipal Freedom of Information and Protection of Privacy Act, 1990* (MFIPPA). We know that the *Act* has not kept up with technological advances, and lacks clarity in critical areas causing unnecessary operational burdens for municipal administrators. That's why we are working towards making a pro-active legislative submission.

In order to support the submission, we are looking for information from your municipality. We'd like to know about your experience administering the *Act*, what needs to change, and where the biggest problems are. The information you provide in the following survey will be used to craft a solutions-focused submission to the Ministry of Public and Business Service Delivery. Our goal is to present the Ministry with real-life examples and operational challenges municipal professionals face with the current state of the *Act* and emphasize the need for updates and changes.

We would appreciate it if **one representative per municipality completes this survey no later than Friday, February 3, 2023**. The survey should take no more than 8 minutes to complete. If you are aware of any municipality who has not received a copy of this survey, please feel free to forward this email with the survey linked in the button below.

[COMPLETE SURVEY](#)

Thank you in advance for your feedback - we look forward to sharing the final submission in a future advocacy update.

In the meantime, for more information or questions about this survey and our other advocacy work please contact:
