**Subject:** RE: Cat Problem in Lucknow

Hello Nicole,

Thank you for reporting the issues regarding unwanted cats on and around your property. This helps Staff to identify patterns of concerns and possibly pinpoint areas that should be focused on for specific types of concerns.

Your concern with wandering cats is one which both Staff and Council are aware of. The By-law Enforcement Officer can act on specific complaints from identified residents with respect to By-law infractions. Some concerns received do not meet those criteria. I appreciate that this can lead to frustration from residents, who are looking for a resolution to their concerns.

As you are aware, there is a By-law prohibiting the feeding of feral cats and other wildlife. I understand that based on information that has been provided to By-law Enforcement, there have been several investigations and enforcement of that by-law within your area. Follow-up will continue with respect to these investigations.

Additionally, during budget consultations, Council has requested a report with respect to the costs of a licensing program for cats, and the costs associated with the trapping and transporting cats to a humane society. This report is expected to be heard at the April 3 Committee of the Whole Meeting. This is an open meeting that you are welcome to attend and observe the discussion. The agenda for the April 3 meeting will be available in the Council Calendar online at [www.huronkinloss.com](http://www.huronkinloss.com) on March 31<sup>st</sup>.

As per the Township's Communications Policy, individuals who submit communications to Council and its Committees or Boards should be aware that personal information contained within the communications may become part of the public record and may be available through the agenda process which includes publication on the Township's website.

Your correspondence and this response will be included on the next Council agenda.

Regards,

Jennifer White  
Manager of Legislative Services, Clerk

Township of Huron-Kinloss

**Subject:** Cat Problem in Lucknow

Hello to all, again.

So furthering on my last emails to the Huron Kinloss council, I wanted to send an update email.

Over the past month or so, I have reported anytime I have seen people feeding feral cats and cats on my property; which are not wanted by myself or my family, as I am allergic to them.

I have done my due diligence and reported to the HK app like I was “requested” to do. Well, here are the responses I have gotten from our wonderful bylaw.

Because she obviously does not want to deal with THE CAT PROBLEM, she ignores it and that infuriates me.

The mere suggestions she gave are absolutely ridiculous.

First off, I don't know who the owners are, or I probably would confront them, but that is kind of hard when I don't know who they are.

Second, suggesting I hire a private company? Who in their right mind would pay for something like that when it shouldn't even be a thing! These cats are someone else's! If you were in my shoes, would you spend your hard earned money on that? Also, how is this doing anything to fix the problem.

This is why myself and others have taken to emailing the councillors, because we are tired of being ignored.

I know this isn't a "over night fix", but something needs to be done.

I look forward to hearing from you.

Nicole Frey
