### **3. General Terms:**

A Community Well-Being Grant Committee comprised of Township staff and Council will distribute the funds allocated to the Community Well-Being Program, not to exceed the allotted amount by Council of \$100,000.

It is intended that the Community Well-Being Program funds are for the benefit of the residents of the Township of Huron-Kinloss. Projects where funds go outside the Township are not eligible.

The program shall provide a modest level of assistance to local organizations in a fair and equitable manner. It is not the intent of this program to provide sustainable funding or to create long-term financial dependency. **The maximum funding request is \$10,000.** exceptions may be considered if the project demonstrates significantly augmented community well-being for the Township of Huron-Kinloss.

Funds are intended to be supplementary to main sources of funding for organizations. The organization must show exploration of other financial support and options (i.e. fundraising and volunteer support). A budget template is provided that must be completed in full and attached to the application.

Providing financial assistance in any year is not to be regarded as a commitment by the Township to continue such assistance in future years. In addition, the Township will not provide guaranteed funding beyond the current fiscal year. Only one application per year will be permitted per organization. Consideration will be given for projects that have not received other financial support from the Township of Huron-Kinloss.

### **4. Township Review:**

Applications will be reviewed by the Community Well-Being Program Committee who will make the final decision regarding the approval for funding. The Committee is comprised of the Manager of Strategic Initiatives, Treasurer, CAO and 2 members of Council.

Applications will be assessed using a weighted matrix that determines: the need for the project, alignment with the Township's Strategic Plan and at least one of the five funding streams, financial viability, contribution to the well-being and sustainability in the community, partnerships and ability to successfully complete the project.

## **5. Project Costs**
