March	0	2
April	2	4
May	50	5
June		
July		
August		
September		
TOTAL	52	19

*includes completed and currently scheduled appointments to the last day of May

May first marked the beginning of Cycle 3 of the Huron Kinloss Community Septic program. B.M. Ross prepared and sent out 184 letters to permanent resident property owners in mid-April who were due for an inspection in 2023 (Cycle 2 inspections in 2015). In the same time frame, letters were sent to 8 WHPA properties due for their 5-year cycle inspections, as per Sourcewater Protection Policy requirements.

Properties that missed having an inspection in Cycle 2 were sent letters two weeks later – 116 letters were posted for that “Past Due” group, with requests to contact the township office and book an inspection of their septic system.

Letters to 151 seasonal property owners were sent mid-May, with Saturdays throughout the season available to help accommodate those landowners.

We had a positive response from landowners and calls to book appointments began immediately, making May a busy month for inspections.
