## OPP 2024 Annual Billing Statement

### Huron-Kinloss Tp

Estimated costs for the period January 1 to December 31, 2024

#### Notes to Annual Billing Statement

- 1) Municipal Base Services and Calls for Service Costs - The costs allocated to municipalities are determined based on the costs assigned to detachment staff performing municipal policing activities across the province. A statistical analysis of activity in detachments is used to determine the municipal policing workload allocation of all detachment-based staff as well as the allocation of the municipal workload between base services and calls for service activity. For 2024 billing purposes the allocation of the municipal workload in detachments has been calculated to be 50.4 % Base Services and 49.6 % Calls for Service. The total 2024 Base Services and Calls for Service cost calculation is detailed on the Base Services and Calls for Service Cost Summary included in the municipal billing package.
- 2) Base Services - The cost to each municipality is determined by the number of properties in the municipality and the standard province-wide average cost per property of \$165.59 estimated for 2024. The number of municipal properties is determined based on MPAC data. The calculation of the standard province-wide base cost per property is detailed on Base Services and Calls for Service Cost Summary included in the municipal billing package.
- 3) Calls for Service - The municipality's Calls for Service cost is a proportionate share of the total cost of municipal calls for service costs calculated for the province. A municipality's proportionate share of the costs is based on weighted time standards applied to the historical billable calls for service. The municipality's total weighted time is calculated as a percentage of the total of all municipalities.
- 4) Overtime - Municipalities are billed for overtime resulting from occurrences in their geographic area and a portion of overtime that is not linked specifically to a municipality, such as training. Municipalities are not charged for overtime identified as a provincial responsibility. The overtime activity for the calendar years 2019, 2020, 2021 and 2022 has been analyzed and averaged to estimate the 2024 costs. The costs incorporate the estimated 2024 salary rates and a discount to reflect overtime paid as time in lieu. The overtime costs incurred in servicing detachments for shift shortages have been allocated on a per property basis based on straight time. Please be advised that these costs will be reconciled to actual 2024 hours and salary rates and included in the 2026 Annual Billing Statement.
- 5) Court Security and Prisoner Transportation (CSPT) - Municipalities with court security responsibilities in local courthouses are billed court security costs based on the cost of the staff required to provide designated court security activities. Prisoner transportation costs are charged to all municipalities based on the standard province-wide per property cost. The 2024 costs have been estimated based on the 2022 activity levels. These costs will be reconciled to the actual cost of service required in 2024.  
  
There was no information available about the status of 2024 Court Security Prisoner Transportation Grant Program at the time of the Annual Billing Statement preparation.
- 6) Year-end Adjustment - The 2022 adjustment accounts for the difference between the amount billed based on the estimated cost in the Annual Billing Statement and the reconciled cost in the Year-end Summary. The most significant year-end adjustments are resulting from the cost of actual versus estimated municipal requirements for overtime, contract enhancements and court security.

## **OPP 2024 Estimated Base Services and Calls for Service Cost Summary**

**Estimated Costs for the period January 1, 2024 to December 31, 2024**

### **Notes:**

Total Base Services and Calls for Service Costs are based on the cost of salary, benefit, support and other direct operating expenses for staff providing policing services to municipalities. Staff is measured in full-time equivalent (FTE) units and the costs per FTE are described in the notes below.

- 1) Full-time equivalents (FTEs) are based on average municipal detachment staffing levels for the years 2019 through 2022. Contract enhancements, court security, prisoner transportation and cleaning staff are excluded.

The equivalent of 88.28 FTEs with a cost of \$15,971,805 has been excluded from municipal costs to reflect the average municipal detachment FTEs required for provincially-mandated responsibilities eligible for Provincial Service Usage credit.

Salary rates are based on weighted average rates for municipal detachment staff by rank, level, and classification. The 2024 salaries are estimated with an effective overall general salary rate increase of 2.01% applied to the 2022 rates in the 2019 to 2022 OPPA Uniform and Civilian Collective Agreements, updated agreement negotiations are underway. The rate increase represents a 1% overall general salary rate increases applied for the 2023 and 2024 calendar years. The 2023 and 2024 salary costs will be reconciled based on rates set in applicable collective agreement settlements. The benefit rates are estimated based on the most recent rates set by the Treasury Board Secretariat, (2023-24). Statutory Holiday Payouts, Shift Premiums, and Benefit costs are subject to reconciliation.

FTEs have been apportioned between Base Services and Calls for Service costs based on the current ratio, 50.4% Base Services : 49.6% Calls for Service.

- 2) Support Staff Costs and Other Direct Operating Expenses for uniform FTEs are calculated on a per FTE basis as per rates set in the 2023 Municipal Policing Cost-Recovery Formula.
