Subject: Thank You to Mayor and Council Members for your support in 2024

Dear Mayor Murray and Members of Council,

On behalf of Pine River Watershed Network Board of Directors and our supporters and sponsors, I would like to thank you for supporting our efforts to continue to preserve, protect and restore the Pine River Watershed and the urban environment in Huron-Kinloss.

Your support since PRWIN was founded as a non-profit organization has enabled us to maintain a visible presence on Main Street in Ripley. Your support and assistance over the years has been very helpful and I hope we can continue to improve and care for our natural environment in Huron-Kinloss together.

Thank you again for your support.

David Grant  
Chair  
Pine River Watershed Network
