Subject: Formal Withdrawal of Lease Request – Kin-Bruce Park

Dear Members of Huron-Kinloss Council,

We appreciate the opportunity to have engaged in discussions regarding a potential lease agreement for Kin-Bruce Park. Following additional due diligence and in light of the evolving needs of our project, particularly the necessity of land acquisition, we have made the difficult decision to formally withdraw our request to pursue a lease agreement with the Township.

That said, our commitment to bringing this facility to Huron-Kinloss remains unchanged. We are currently working towards a purchase agreement for privately owned land in Huron-Kinloss and look forward to continuing a positive working relationship with Council to realize this vision for the community.

Thank you for your continued support, and we welcome further discussions as our plans progress.

Sincerely,
Brandon Kushnir
