Subject: Kindred CU Invitation

Huron-Kinloss Council

After a brief discussion with the new CEO of Kindred CU last week in Kitchener, we discovered that he was unaware of our efforts to have Kindred open a branch in Ripley. In light of that, we are gathering signatures from supportive residents on an invitation letter, along with a H-K information package that Amy Irwin has once again prepared. Our plan is to take all this to an in person meeting with the CEO within the next couple of weeks. Any assistance from H-K council in the form of an invitation letter to Kindred CU would be greatly appreciated. We believe that having a financial institution in our town would be great asset for economic growth in H-K.

Thank you.

Ken and Donna MacLeod
