

## Kinloss Tract Now Open Following Timber Harvesting Operations

Please take notice that the Kinloss Tract, located northeast of Lucknow, is now open following December timber harvesting operations.

**Jan 18 2021 - 12:00pm**

Please take notice that the Kinloss Tract, located northeast of Lucknow, is now open following December timber harvesting operations.

Bruce County, with contractor Collin Gerber, harvested timber in this area to improve forest health as part of the County's forest management plan. The entirety of this Kinloss Tract property, including all trails and parking lots, is once again open to the public. Please follow Ontario's stay-at-home orders, exercise and enjoy the outdoors only with members of your household, and follow the 3 W's: wash your hands, watch your distance (6 feet), and wear your face covering correctly.

This Kinloss Tract property is located at Concession 2 Lots 16 and 17, within the Township of Huron-Kinloss.

Thank you for your patience and understanding.

Questions, concerns, or comments about harvesting operations can be directed to Kevin Predon, Bruce County's Forestry Technician, at 226-909-2840 or [kpredon@brucecounty.on.ca](mailto:kpredon@brucecounty.on.ca) (<mailto:kpredon@brucecounty.on.ca>)

*Bruce County is an upper-tier municipality in Southwestern Ontario, Canada, made up of 8 lower-tier municipalities and 68,423 residents. The explorers who visit, live, and work here are the dreamers who take roads less travelled and see tried and true as an invitation to try something new. Be an Explorer and call Bruce County home.*

## News

Because we live in a time of constant change, your county government is doing what it can to manage change, stay ahead of the curves, focus on positive ideas and communicate with tax payers.

---

## **OPG in Bruce County – Community Update – January 2021**

**Happy New Year:** Ontario Power Generation (OPG) wishes you all the best in 2021. It's our sincere hope that COVID-19 vaccinations across Ontario and Grey-Bruce improve this year's outlook for health and prosperity as soon as possible – allowing, when public guidelines permit, the safe resumption of normal living.

In the meantime, at the Western Waste Management Facility at the Bruce nuclear site, OPG employees continue to work safely, observing all important protocols such as physical distancing, hand-washing and sanitizing, and wearing masks. Office staff who are able to work from home are doing so, while field workers needed for essential services are keeping operations running. Still on track are all projects vital to the continued safe, reliable delivery of electricity to Ontario's homes, businesses and hospitals. [Together, we will #PowerON.](#)

**Moving to Bruce County:** On January 4, OPG's Jason Van Wart assumed his new position as Vice President of Nuclear Waste Management and Commercial Services. Originally from News Brunswick, Jason first joined OPG in 2001 and has worked in Engineering, Finance, Inspection and Reactor Innovation, and Commercial Services.

Helping with a smooth transition is outgoing VP Lise Morton, who last year announced her plan to retire from OPG at the end of February.

In his first message to staff, Jason spoke about his warm connection to the Bruce area. "I am pleased to say that my family will soon be moving to Bruce County. We already own a house in Southampton, have a long history in the area and look forward to being year-round residents."

Among his areas of focus, Jason said, will be continued safe and reliable operations, achieving the division's targets and project milestones, and seeking innovative and efficient ways of doing business. This includes maintaining a focus on the three Rs – reduce, reuse, recycle – to minimize volumes of stored nuclear materials, aligned with OPG's over-all plan to protect the environment and [address climate change with clean energy.](#)

### **Around Ontario and beyond:**

- **Iron unleashed:** A newly acquired "robot dog" named Spot is [turning heads](#) at Pickering Nuclear Generating Station. The four-legged, yellow machine, controlled by a tablet app, inspects hard-to-reach or hazardous areas of the station. Its maker, Boston Dynamics, is working with OPG's technical team as they train Spot to perform tasks in the most challenging conditions.

- **Eye in the sky:** OPG inspectors are [deploying drones](#) to help keep hydroelectric operations in eastern Ontario running safely and reliably. Certified pilots of OPG's fleet of 29 drones are busy fulfilling requests for video of hard-to-reach areas, including inside a dewatered unit at R.H. Saunders Generating Station (GS), in Cornwall, to check the underside of turbine blades.
- **Waba win:** Ahead of schedule, OPG [completed a project](#) with partners to renew the Waba Dam, a 1,219-metre-long structure supporting the reservoir at Arnprior Generating Station, just west of Ottawa. The successful project, to raise and reinforce the crest of the 15-metre-tall earth dam, enables 50 more years of safe operation.

As always, if you have questions or comments, please reach out by email or phone.

[View this email in your browser](#)

## **Ontario Business Community Launches the COVID-19 Ontario Vaccination Support Council**

**(Toronto, ON – January 19, 2020)** – The Ontario Chamber of Commerce (OCC) announced today the establishment of the Ontario Vaccination Support Council, founded by close to 100 businesses, organizations, and the Ontario Chamber Network. The Council will leverage the businesses and organizations involved, representing hundreds of thousands of employees from across the Province, to provide support for Ontario’s historic COVID-19 vaccination effort with the ultimate goal of ending the pandemic.

The Council will be co-chaired by James Scongack, Executive-Vice President of Corporate Affairs & Operational Services at Bruce Power and Garrick Tiplady, the Managing Director of Facebook.

“Today, we are pleased to launch the Ontario Vaccination Support Council with our partners at Bruce Power and Facebook Canada,” said Rocco Rossi, President and CEO of the OCC. “The faster the Ontario population is inoculated, the faster we can safely reopen and work together on the province’s economic recovery. Ontario’s business community

stands ready to assist in the fight against COVID-19 and help drive our economic recovery in the future.”

The Council will bring together a diverse group of OCC members, representing a range of sectors, to share pertinent information and provide government with timely and evidence-based recommendations.

**The Council will:**

- Provide Ontario’s business community with a window into the Ontario Vaccine Distribution Task Force to share public health information; updates on logistics and distribution plans and seek input on non-health-related issues.
- Consolidate a directory of capabilities and services within the Chamber Network that could be utilized and procured by government, hospitals and public health in the distribution of vaccinations.
- Share policies, best practices and approaches with government to ensure the maximum participation of employers and their employees in vaccination efforts with a specific focus on being proactive and removing barriers.

“Now more than ever we need an ‘all hands-on deck’ approach to engage and support Ontario’s historic vaccination program with the ultimate goal of ending the pandemic. While there will be challenges ahead in such a large and critical effort, the Council will bring together Ontario’s business community, leveraging their agility, capability, innovation, and engagement to ensure we face this challenge together as Ontarians,” said James Scongack, Executive Vice-President, Corporate Affairs and Operational Services at Bruce Power.

**Founding members of the Council include representatives from the following companies:**

**From:** Miller, Scott (MNRF) <Scott.Miller@ontario.ca>  
**Sent:** Tuesday, January 19, 2021 5:38 PM  
**To:** Halasz, Jonathan (MNRF); Jackson, Karen (MNRF); Miller, Scott (MNRF)  
**Subject:** Invitation to participate: Solid Wood Bioheat Webinar Series

Greetings,

You're invited to participate in the upcoming Solid Wood Bioheat Webinar Series, organized in partnership between Ontario's Ministry of Natural Resources and Forestry, FPIInnovations, Natural Resources Canada, and the Centre for Research and Innovation in the Bio-Economy (CRIBE).

This six-part webinar series will introduce participants to some of the key considerations for using solid woody fuels for heating in Ontario. During the sessions participants will hear from bioheat experts as well as business and community leaders who will share success stories and discuss how bioheat supports Ontario's forest industry while providing a sustainable and renewable source of heating. Session speakers will discuss bioheat equipment and projects of all sizes, including residential, commercial, industrial, and community scale projects.

The Solid Wood Bioheat Webinar Series will run weekly from February 4<sup>th</sup> to March 11<sup>th</sup>, 2021 and is free to join. Weekly sessions will run from 11:00 AM to 12:00 PM and will be hosted online through Microsoft Teams Live Events.

Webinar Session	Date and Time
#1: Why Choose Bioheat	February 4, 2021 11:00 AM to 12:00 PM Eastern time
#2: Solid Woody Biofuels	February 11, 2021 11:00 AM to 12:00 PM Eastern time
#3: Bioheat Combustion Systems	February 18, 2021 11:00 AM to 12:00 PM Eastern time
#4: Project Planning	February 25, 2021 11:00 AM to 12:00 PM Eastern time
#5: Ontario Success Stories	March 4, 2021 11:00 AM to 12:00 PM Eastern time
#6: Canadian Success Stories	March 11, 2021 11:00 AM to 12:15 PM Eastern time

Material covered in this series will compliment [A Solid Wood Bioheat Guide for Rural and Remote Communities in Ontario](#), published by FPIInnovations in February 2020.

**More detailed information about each session, and links to register via EventBrite can be found on CRIBE's website:** <http://www.cribe.ca/resources/bioheat-webinar-series>.

Feel free to share this invitation to someone in your network who might be interested. To promote the series over social media the Ministry of Natural Resources and Forestry will be making posts about

the webinars over the coming weeks – please consider following along online to share, pin or re-tweet!

If you have questions about this series please contact Jonathan Halasz, who will be happy to assist you. He can be reached at [jonathan.halasz@ontario.ca](mailto:jonathan.halasz@ontario.ca).

Thank you for your consideration – we hope to see you online!

Sincerely,

Scott Miller  
Forest Industry Development Advisor  
Ministry of Natural Resources and Forestry  
Forest Industry Division  
Forest Economics and Business Branch  
435 James Street South, Floor 2  
Thunder Bay, ON P7E 6S7

**Subject:** Registration now open for the Regional Freshwater Forums! /Il est maintenant possible de s'inscrire aux Forums régionaux sur l'eau douce.

*(Le français suit)*

**Register today for the Canada Water Agency  
Regional Freshwater Forums!**

Registration for the Regional Freshwater Forums is now open!

A series of six [Regional Freshwater Forums](#) will be held across the country to engage stakeholders and the interested public on region-specific freshwater issues and provide an opportunity for participants to discuss their thoughts on opportunities to improve freshwater management through the creation of a Canada Water Agency.

Each forum will be a half-day virtual event. Join a panel of regional experts, practitioners and knowledge holders in a discussion of regional freshwater issues and participate in breakout sessions for more in-depth dialogue on the discussion questions and opportunities outlined in the Discussion Paper "[Toward the Creation of a Canada Water Agency](#)."

**Select the forum for your region to register (register for only one forum):**

[Atlantic Freshwater Forum](#): February 2, approximately 10:00 a.m. to 3:45 p.m. AT  
[Quebec Freshwater Forum](#): February 4, approximately 10:00 a.m. to 3:45 p.m. ET  
[Ontario Freshwater Forum](#): February 9, approximately 10:00 a.m. to 3:45 p.m. ET  
[North Freshwater Forum](#): February 11, approximately 10:00 a.m. to 3:45 p.m. MT  
[British Columbia Freshwater Forum](#): February 16, approximately 10:00 a.m. to 3:45 p.m. PT  
[Prairies Freshwater Forum](#): February 18, approximately 10:00 a.m. to 3:45 p.m. CT

Full event details, including a draft agenda for the Regional Freshwater Forums, are available on our Canada Water Agency consultation site: [www.placespeak.com/CanadaWaterAgency](http://www.placespeak.com/CanadaWaterAgency).

## **Inscrivez-vous dès aujourd'hui aux Forums régionaux sur l'eau douce de l'Agence canadienne de l'eau!**

Il est maintenant possible de s'inscrire aux Forums régionaux sur l'eau douce.

Une série de six [Forums régionaux sur l'eau douce](#) se tiendront partout au pays pour permettre aux parties prenantes et membres du public intéressés de discuter des questions régionales relatives à l'eau douce et donner l'occasion aux participants d'échanger leurs idées sur les possibilités d'améliorer la gestion de l'eau douce par la création d'une Agence canadienne de l'eau.

Chaque forum prendra la forme d'un événement virtuel d'une demi-journée. Joignez-vous à un groupe d'experts régionaux, de professionnels et de détenteurs de connaissances dans une discussion sur les questions régionales relatives à l'eau douce, puis participez à des séances en petits groupes pour aborder plus en profondeur les sujets de discussion et les occasions figurant dans le document de discussion intitulé « [Vers la création d'une Agence canadienne de l'eau](#) ».

**Choisissez le forum de votre région pour vous inscrire (inscrivez-vous à un seul forum).**

[Forum régional sur l'eau douce – Atlantique](#) : 2 février, d'environ 10 h à 15 h 45 HA

[Forum régional sur l'eau douce – Québec](#) : 4 février, d'environ 10 h à 15 h 45 HE

[Forum régional sur l'eau douce – Ontario](#) : 9 février, d'environ 10 h à 15 h 45 HE

## Media Release

January 21, 2021

### Public Assistance Request: Dog Bite

The Grey Bruce Health Unit is seeking assistance from the public in finding the owner of a dog involved in a biting incident that occurred in the Town of Hanover. On January 20, 2021 at approximately 8:00 pm, a female was bitten by a small dark brown dog that was being walked with a larger white and brown dog by a male in his twenties. The incident took place in the vicinity of 6<sup>th</sup> Avenue and 10<sup>th</sup> Street. The biting incident occurred when the smaller dark brown dog broke away from the care of the male walking the animals and crossed the street and bit the female walking on the opposite side.

Staff of the Grey Bruce Health Unit need to confirm the dog is not infectious with rabies. By verifying the health of the dog, the victim can avoid receiving the post-exposure rabies treatment. If you have any information related to this incident, please contact the Grey Bruce Health Unit at 519-376-9420 ext. 1262.

### **Notice of OSUM 2021 Annual Conference Cancellation**

At the recent meeting of the Ontario Small Urban Municipalities (OSUM) Executive Committee, a decision was made to cancel the 2021 Annual General Meeting and Conference scheduled to be held in Brant County in spring of this year. Due to the ongoing impact and uncertainty of COVID-19, the Executive Committee recognizes that moving ahead with the event was not feasible.

OSUM plans to connect with small urban municipal leaders through webinars and communications over 2021.

The Executive Committee wishes to acknowledge Brant County was set to host the 2021 Conference and that this decision is difficult and disappointing. OSUM will be discussing the schedule for the Annual Conference going ahead.

Stay tuned for updates from the OSUM Executive Committee.
