RE: Review and Entry into the Ontario Public Register of Archaeological Reports: Archaeological Assessment Report Entitled, "Stage 1-2 Archaeological Assessment Zoning Bylaw Amendment 24 Grey Ox Avenue Township of Huron-Kinloss Part of Lot 35, Concession 4 Geographic Township of Kinloss Bruce County, Ontario", Dated Jul 4, 2025, Filed with MCM on Oct 17, 2025, MCM Project Information Form Number P1048-0184-2025, MCM File Number 0023541

Dear Liam Browne (P1048):

This office has reviewed the above-mentioned report, which has been submitted to this ministry as a condition of licensing in accordance with Part VI of the *Ontario Heritage Act*, R.S.O. 1990, c 0.18.¹ This review has been carried out in order to determine whether the licensed professional consultant archaeologist has met the terms and conditions of their licence, that the licensee assessed the property and documented archaeological resources using a process that accords with the 2011 *Standards and Guidelines for Consultant Archaeologists* set by the ministry, and that the archaeological fieldwork and report recommendations are consistent with the conservation, protection and preservation of the cultural heritage of Ontario.

The report documents the assessment of the project area as depicted in Maps 10 and 13 of the above titled report and recommends the following:

All work met provincial standards, and no archaeological material was documented within the project area during the assessment. As such, no further archaeological assessment is recommended within the project area.

The remainder of the property has not been subject to archaeological assessment (Map 13). If impacts are proposed for this area, archaeological assessment is required.

These recommendations are subject to the conditions laid out in Section 5.0 of this report and to the MCM's review and acceptance of this report into the provincial register.

Based on the information contained in the report, the ministry is satisfied that the fieldwork and reporting for the archaeological assessment are consistent with the ministry's 2011 *Standards and Guidelines for Consultant Archaeologists* and the terms and conditions for archaeological licences. This report has been

entered into the Ontario Public Register of Archaeological Reports. Please note that the ministry makes no representation or warranty as to the completeness, accuracy or quality of reports in the register.

Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

Andy Snetsinger
Archaeology Review Officer
