

LUCKNOW
STANDPIPE/WATER
TOWER

1930 – 2021...

- 91 years old this year.
- Has been "talked" about being replaced since 2013/2014..
- Council announced to the news in Feb. 2019 "Lucknow is ready we have water".
- To our knowledge maintenance is not safe anymore on the tower (attached Lucknow Annual report 2019).
- Chamber sent letter of support Jan. 2020 ? (attached).
- Several concerns has been raised recently, Hellyn Development, Realtor concerns regarding future development, (attached).

2021 -

- Lucknow Standpipe is a disaster waiting to happen..
- A commitment and action plan are needed urgently.
- Developers can not make decisions and invest if there are no plan..
- Time has run out for waiting for grants etc. to become available.
 - ACTION IS NEEDED NOW.
- Concerns of water being “safe” with the Standpipe being in such a rough condition.
