OTHER		
<p>Recreation Master Plan \$80 000 Funding from the Modernization Fund</p>	<p>As a result of the recent recreation review, a recommendation includes a full Recreation Master Plan. A Master Plan identifies what the Townships' high-level needs and priorities are, in this case as they pertain to local recreation opportunities. Recreation Master Plans advance the required mix of recreation facilities and services so that residents can engage in meaningful physical activities.</p> <p>Master planning involves consultation with Council and staff, stakeholders, and the general public and provides insights into recreational needs that align with supporting documents/studies and are rationalized by best practices, consultation, quantifiable data, and a host of other inputs. The Parks and Trails master plan is also now ten years old and requires updates.</p> <p>Recent housing developments throughout the community is also a trigger for a complete recreation Master plan resulting in an action-based plan forward providing staff, Council, stakeholders, and the public the direction that community services is heading.</p>	<p>S2.2 We are a spirited community that takes pride in calling Huron-Kinloss home and welcoming others. By engaging in our community</p>
