Please consider keeping the yard waste program in Point Clark it is a very effective service for us as local residents.
Thank you for your consideration

Subject: Yard Waste Depot - Point Clark Community Centre

We have recently heard that the above noted yard waste depot will not be reopening this summer. We wish to have this decision reconsidered. As resident seniors, we don't use a lot of facilities but this is one that we used a few times last fall and noticed it was well used. I have already been cleaning up along the roadway where the township has been having trees cut down and would bring the waste to this centre, but if that is not available, then I am hoping the township will be planning on improved cleanups from their own work. I am glad to help but can't deliver it to the dump as I don't have a truck or trailer. Please reconsider!!

Thank you,
Kendra Dubeau

Subject: Point Clark Yard Waste Disposal

The PCBA has suggested that anyone upset that the council decided against implementing the Yard Waste Disposal at the Pt Clark Community Centre contact you with our concerns. While our taxes are equivalent between our cottage and our home in Kitchener, our yard waste is picked up every second week through the spring, summer and winter in Kitchener and only once per year in Point Clark. I do not wish to burn the waste as this causes pollution. We're not sure what our taxes go to in Huron-Kinloss but we're not impressed with the yard waste service. My husband and I urge you to reconsider your council's decision not only for this year but for the years to come as well.

Subject: Yard waste depot in Point Clark is needed

If there was one good thing that came out of the Covid pandemic it was the yard waste depot in 2020. I was encouraged to read that it was to be continued in 2021. After taking two loads to the landfill on Saturday, I now read here no yard coming in 2021 ? Please open a depot in Point Clark.
