It's hard to believe we are already into spring, and over a year into the pandemic! The Government has had a full legislative agenda since resuming on February 16th and we have been busy here at AMCTO too.

Back in January we provided input into the Information and Privacy Commissioner's Office priority setting consultation. You can read our submission [here](#).

The Ontario Chief Electoral Officer, Greg Essensa, recently presented to the Board of Directors outlining the Elections Ontario three-year plan to transition to a single registrar of electors to improve the municipal voters' list. As you are aware, this transition is the result of 16 years of advocacy work. We look forward to working with Elections Ontario on the transition to a single registrar of electors over the next several months with the assistance of our Voters' List Working Group. We will also be supporting members in their preparations for the 2022 municipal elections by developing tools, templates and resources. For example, our [2021 – 2023 Municipal Elections Calendar](#) is now available.

We've also been monitoring Bill 254 (see the Bills and Lawmaking section below), which if passed would amend the *Municipal Elections Act* to enable clerks to allow candidates and third-party advertisers to:

- Submit their nomination and registration forms electronically;
- Allow registered third-party advertisers to end their advertising campaigns before voting day; and
- Clarify that if a third-party advertiser files a nomination to run for office, their advertising campaign automatically ends.

The Bill went to the Standing Committee on the Legislative Assembly on March 29th. If passed, this would be an advocacy win for members. In our last *Municipal Election Act* submission, to address the problematic nature of filing in-person in a pandemic or emergency context, we recommended allowing the submission of paperwork electronically – recognizing the need to improve processes while also acknowledging that digital accessibility varies across the province.

We are continuing to advocate for improvements to Provincial processes that impact municipal service delivery and reporting. Over the past few months, we have:

- Confirmed our support for efforts that streamline regulations with the [Occupational Health and Safety Act](#);
- Sent a [letter](#) to Associate Minister Sarkaria reminding him of our submission on [reducing municipal burdens](#) and:
 - Called on the Government to find opportunities to streamline reporting processes for municipalities; and
 - Called for the release of the list of reporting reductions previously announced

As we continue to track and monitor Provincial consultations and legislative activity looking out for the interests of our members, providing analysis, updates and making submissions, we'd like to draw your attention to the upcoming [Consultation to Strengthen Municipal Codes of Conduct](#) and welcome

any insights you may have. Please forward your thoughts to [Alana Del Greco, Manager of Policy and Government Relations](#).

We will keep members informed as further details become available. See below for a related Private Member's Bill on this topic.

We will also be looking ahead to the Federal Budget which we expect to be unveiled on April 19th.

Stay tuned for some volunteer opportunities including the opportunity to serve on our 2021-2022 Legislative and Policy Advisory Committee (LPAC) to support AMCTO policy and government relations work. POLICY SPOTLIGHT

On March 24th, the Minister of Finance and President of the Treasury Board, Peter Bethlenfalvy, presented his first Budget and the Government's second during the pandemic: *Ontario's Action Plan: Protecting People's Health and Our Economy*. This Budget sets the stage for the 2022 Provincial election and contains two core pillars: protecting people's health and protecting the economy.

In our [2021 Pre-Budget Submission](#), recommendations were divided into two parts:

1. Small, meaningful actions that relieve burden so that administrators can focus on managing the pandemic's impact on their communities; and
2. Planning for an eventual economic recovery, municipal recovery and resilience actions that can have positive impacts for Provincial priorities as well as direct residual benefits for workers, families and businesses who live, work and play in municipalities across Ontario.

Specifically, one of our recommendations called for an extension to deadlines in *O. Reg. 588/17: Asset Management Planning for Municipal Infrastructure*. We are pleased to see that the Province [has responded by extending deadlines by one year](#).

On municipal resiliency, the *2021 Budget* commits to a review of the Ontario Municipal Partnership Fund (OMPF) in consultation with municipalities to ensure the program meets the needs of local communities. We will continue to look for openings and opportunities to promote members' interests in this regard.

BILLS AND LAWMAKING

Bills Passed:

Bill 218: *Supporting Ontario's Recovery and Municipal Elections Act* (Received Royal Assent on November 20, 2020). This bill amends the *Municipal Elections Act* to change Nomination Day to the 3rd Friday in August, removes a municipality's ability to choose

to implement ranked ballot voting, and changes the timeline for passing a bylaw authorizing the use of voting and vote-counting equipment or alternative voting method to May 1st of the year of an election. This effectively changes the timeline for clerks to establish corresponding procedures and forms to June 1st in the year of the election.

Bill 254: *Protecting Ontario's Election Act, 2020* (referred to Standing Committee on March 29th, 2021). The bill proposes a number of changes to processes and rules for Provincial elections as well as amendments to the *Municipal Elections Act* that would enable clerks to allow candidates and third-party advertisers to: 1) submit their nomination and registration forms electronically; 2) allow registered third-party advertisers to end their advertising campaigns before voting day; and 3) clarify that if a third-party advertiser files a nomination to run for office, their advertising campaign automatically ends.

Private Members' Bills:

A summary of Private Members' Bills from Queen's Park that are of relevance to Ontario's local governments.

Bill 214: *The Time Amendment Act* (Received Royal Assent). If proclaimed, the Bill would amend the *Time Act* to make daylight savings time the standard time year-round. Consequential amendments are made to the *Election Act, 1990*, the *Labour Relations Act, 1995*, and the *Mining Act, 1990*. Of note is that when the Member introduced the Bill in the Legislative Assembly, he stated that in order for the Bill to be proclaimed into force, there would need to be similar changes made in other jurisdictions such as Quebec and New York.
