Hi Emily,

First of all thank you for getting back to me, of all the Municipalities that we deal with here at the office, I continue to say your office is one of the best.

Thanks for letting me know the ban is being lifted. There will be a lot of thankful people.

Have a great day.

Hi Klaas

The measures were put in place to support the Grey-Bruce Public Health Units declared Critical Threshold of COVID-19 cases in Grey -Bruce last week and the Province of Ontario's Stay-at-Home order(s). The Fire Chief lifted the ban this morning, a press release is being issued and the signs are currently being changed.

Hi Emily,

I understand we have a burn ban in place.

Is there some rationale that the Municipality can share to substantiate the ban ? It's certainly not to dry ?

Thanks
