By-Law Enforcement

There were two complaints regarding pools that do not have fences surrounding them. As per our fence by-law when a pool is installed, a fence is required for public safety. Notices of violation have been delivered and compliance will be enforced.

Animal Control

Dogs running at large have been problematic this month. There have been some repeat offenders, so the situation will be closely monitored.

Property Standards

A property in the downtown area was contacted due to the number of pigeons that lived in a wooden awning above the sidewalk. This created an unsightly view and unsanitary environment from pigeon excrement. The property owner has since taken down part of the awning that was housing the pigeons and is looking to rebuild.

A few complaints were also received from poison ivy growing on properties. Property owners that were affected have been asked to do what they can to get rid of the poisonous plant.

Other

Homeowners that live in a residential area that sell goods outside their homes, have been asked to cease. Goods for sale must be contained and sold within the home to meet the requirements of a home business in a residential area as per the Comprehensive Zoning By-Law.

Financial Impacts:

There are no financial implications at this time.
