Message from the Detachment Commander

I am pleased to present the 2020 South Bruce Detachment Progress Report. This report outlines the results and successes we have achieved in year one of our 2020-2022 Action Plan. The South Bruce OPP is still committed to providing the highest level of service we can to the citizens we are sworn to serve. This plan is available at opp.ca.

Locally these decisions and actions have led us to success in the past three years in the following areas and many more:

- Implementation of our Community Street Crimes Unit - actively deterring the use of illicit drugs and victimization through property crimes;
- Creation of South Bruce Community Safety Committee gaining a Safe Community designation in 2018;
- Partnership with Victim Services Bruce Grey Perth on the Project Life Saver Program assisting in the prompt location of vulnerable missing persons.

We continue to be committed to collaborating with our community partners to develop co-response models that focus on prevention, harm reduction and risk intervention strategies to improve the overall well-being of our communities. We look forward to the implementation of our Police/Hospital/Stakeholder Transfer of Care Protocol enhancing the transfer of individuals experiencing a crisis from police custody to hospital staff. We are also very excited about our new partnership with the Canadian Mental Health Association (CMHA) Grey Bruce in the creation of a Mobile Mental Health and Addictions Response Team (MMHART) which will see police officers assisted at mental health calls for service by trained mental health clinicians. This partnership will enable our officers to provide support to individuals experiencing a crisis in the right place at the right time, allowing the individual to receive appropriate resources and service in a timely and compassionate manner. It will also divert visits to hospital emergency rooms better utilizing both police and hospital staff resources. We look forward to our role in, and the results of, the Grey Bruce Community Safety and Well-Being Plan being launched in January 2021.

We remain open to, and respectful of, cultural differences and the ongoing development of skills and knowledge to build mutually effective relationships. We will also continue to identify opportunities to enhance our frontline officer's experience.

Due to the dedication of our members, along with the support of our municipalities, community members and our partner agencies, we will ensure our continued success in keeping our communities safe.

Respectfully

Inspector Krista Miller
Detachment Commander
South Bruce OPP Detachment

2020 Crime Progress Results

To address and prevent crime in our communities.

To identify alternative response solutions for non-police-related demands for service that impact police resourcing in our communities.

Commitment	Progress Status	Progress Update
To thoroughly investigate violent crimes such as domestic violence, sexual assault and other crimes against a person in an effort to reduce these offences and continue community partnerships to support victims.	Success Demonstrated	<p>South Bruce OPP continually ensures adequate resources and thorough investigations are utilized to support victims of crime.</p> <p>Currently South Bruce OPP is partnered with several external community agencies in our Community Safety Project grant tackling human trafficking in rural Ontario. An educational video was created and will be utilized regionally through a school curriculum to identify the characteristics of human trafficking.</p> <p>Cyber frauds are a concerning and highly evolving trend. During Fraud Prevention Month, the South Bruce Community Services Officer (CSO) engaged local retirement homes and manors providing the warning signs and preventative education regarding cyber frauds.</p>
To address and prevent property crime in our communities through investigation and community planning for a safe and secure community. One area of concern that was identified recently were "gas drive offs" from local gas stations. In collaboration with our Regional Operational Analyst (ROA) we were able to identify which local businesses were more susceptible to these occurrences than other businesses. Armed with that information, local businesses will be approached in the future to pilot a "Pay Before You Pump" campaign in hopes this will be mandatory at all gas stations moving forward.</p> <p>South Bruce OPP will provide a further update on this as this initiative progresses.</p>

2020 Roadways, Waterways and Trails Progress Results

The Big Four causal factors of fatal, personal injury and property damage collisions on roadways, waterways and trails: impaired (alcohol/drug), speeding/aggressive and inattentive/distracted driving and lack of occupant restraint and safety equipment.
