INTRODUCTION AND HIGHLIGHTS

The Ontario Legislative Assembly is back in session for the final time before Ontario's fixed date for its general election on June 2, 2022. The election process starts when the Premier visits the Lieutenant Governor and advises that they would like to call an election. The campaign period begins the day **the writ** is drawn, which will occur on Wednesday, May 4, 2022. This does not leave much time for the Government to introduce legislation and the countdown to the election is in full swing. With this in mind, we can expect some key bills to be introduced while the current Government have a majority.

In preparation for the 2022 Provincial election, we have released our local government priorities and recommendations with an accompanying toolkit that will continue to be updated with new Issue at a Glance briefing notes along with other materials. We encourage you to **download the toolkit** to support this advocacy in your own community.

POLICY SPOTLIGHT

On March 3, 2022 the Ontario Government passed *Bill 84, Fewer Fees, Better Services Act, 2022*. This Act makes the legislative changes to the Government's red tape reduction package: **Fewer Fees, Better Services**. The omnibus bill makes a number of amendments to several acts to reduce red tape for people and businesses, such as eliminating licence plate renewal fees and ending tolls on Highways 412 and 418.

It also amends Section 4 of the *Fiscal Sustainability, Transparency and Accountability Act, 2019*. If you recall, this Act set a fixed date of March 31 for the release of the budget and included financial penalties for the Minister of Finance and the Premier should this date be missed. Bill 84 amends this date for the 2022 budget to April 30, 2022. This means that we can anticipate the budget to be released later than usual, without much time before the writ is drawn on May 4, 2022. It will likely serve as an indication of what is to come in the Progressive Conservative Party's platform.

Through our **2022 Pre-Budget Submission**, we have participated in 2022 budget consultations with our recommendations focused on areas we believe the Government can continue to build positive changes. This includes committing to investments that ensure a strong and resilient municipal sector.

For more information on this and our local government priorities toolkit, please reach out to **Alana Del Greco, Manager of Policy and Government Relations** or **Charlotte Caza, Policy Advisor**.
