**Recommendation:**

That the Township of Huron-Kinloss Committee of the Whole hereby receives for information Report Number CAO-2022-05-15, prepared by Elyse Dewar, Project Coordinator

**Background:**

Although lands in Huron-Kinloss are not being considered for the potential repository site, the NWMO acknowledges that Huron-Kinloss directly abuts South Bruce and will be impacted by the DGR if South Bruce becomes the chosen community.

Huron-Kinloss is committed to carrying out its due diligence on the DGR project to determine how its municipality, residents, farms, tourists, and businesses will be best protected and served in determining whether Huron-Kinloss can support the DGR as neighbouring community.

We are working with the South Bruce Nuclear Exploration Team on current Project Studies related to the NWMO Project the effects it could have on regional Communities
